

Opti-Nutrient Formulas by Dr. Brimhall

Opti-Immune-VRL™

Supports The Immune System,
The First Line of Defense!!

The immune system defends the body against unfriendly microorganisms.

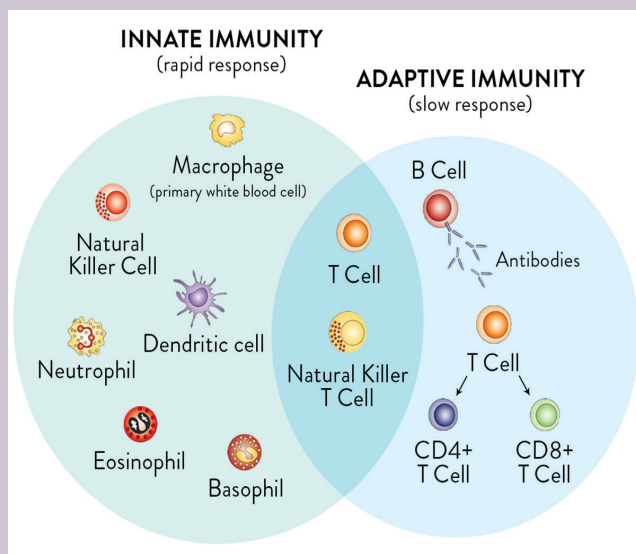

The thymus, parotid, lymph nodes, spleen, bone marrow, skin, and tonsils all play essential roles in supporting the integrity of this vital system.

The active "soldiers" that maintain immune system activity include specialized white blood cells, lymphocytes, phagocytes, killer T-cells, antibodies, interferon, and lactoferrin.

The first barrier against unfriendly invasions is the skin. Mucus secretions, including tears, gastric acid secretions, and saliva from the parotid gland, are part of this first line of defense as well.

OPTI-IMMUNE-VRL™

contains nutrients, herbs and pre-digested glandulars
that research shows nutritionally supports the reduction of viruses.
This blend is pre-digested with our Opti-Blend Digestive
Enzymes and Organic Minerals.††*

There are two types of immunity:

Innate immunity is the resistance we are born with, and adaptive immunity is the immunity that we acquire naturally when we are exposed to infective viruses, bacteria, other microorganisms, and toxins, or when we are artificially vaccinated.

Antibodies retain long-term memories of invaders they have faced; so, for instance, a person is likely to have the mumps only one time.

There are many lifestyle changes and dietary changes that can enhance immune function.

For example, exercise can increase natural killer T-cell activity. Many vitamins, minerals, herbs, and phytochemicals can support immune health, and many phytochemicals are involved in numerous processes that help prevent cell damage and faulty replication.

Opti-Immune-VRL™

Supports The Immune System, The First Line of Defense!!

Opti-Immune VRL contains a special blend of nutrients that help nutritionally support the elimination of virus's. L-Lysine is an amino acid that has anti-viral properties and is used extensively in alternative treatments to viral concerns like cold sores and the complex surrounding them.

Green Tea along with Elderberry, Olive leaf, Garlic and Echinacea have many double blind university researched studies showing their power against virus's and bacteria. Pre-digested forms of specific glandulars are a focus in this product.

The pre-digestion of these nutrients enhances their delivery at the cellular level through the **Proprietary Opti-Blend Delivery System**.

If you are wanting to naturally boost the bodies ability to build its defense system, the ingredients in **Opti-Immune VRL** are the powerful holistic approach that has been needed in the industry.

For those looking for strong alternatives with research proven nutrients, this formula is for you.*

Supplement Facts

Serving Size: 2 Capsules

Servings Per Container: 30

Amount Per Serving	% Daily Value	
Vitamin A (whole food cultured)††	1500 IU	30%
Vitamin C (whole food cultured)††	100 mg	167%
Vitamin D3 (whole food cultured)††	300 IU	75%
B6-Pyridoxine (whole food cultured)††	20 mg	1000%
Calcium (Calcium Bisglycinate Chelate)†	16 mg	2%
Magnesium (Magnesium Bisglycinate Chelate)†	5 mg	25%
Zinc (Zinc Bisglycinate Chelate)†	16 mg	107%
Manganese (Manganese Bisglycinate Chelate)†	4 mg	200%
VRL Blend: L-Lysine, Green Tea (Camellia sinensis/ 98% polyphenols, 80% catechins, 45% EGCG), Elderberry, Olive Leaf, Garlic, Licorice root (Glycyrrhiza glabra) and Echinacea.	150 mg	*
Astragalus (<i>Astragalus membranaceus</i>) (root)	80 mg	*
Whole Glucan Particle (Beta-Glucan naturally/derived from <i>Saccharomyces cerevisiae</i>)	50 mg	*
Pomegranate Extract (<i>Punica granatum</i>) (hull) (40% ellagic acid)	20 mg	*
Lymph (from bovine) (Argentina) <i>Pre-digested</i> ††	20 mg	*
Spleen (from bovine) (Argentina) <i>Pre-digested</i> ††	20 mg	*
Thymus (from bovine) (Argentina) <i>Pre-digested</i> ††	20 mg	*
Parotid (from bovine) (Argentina) <i>Pre-digested</i> ††	20 mg	*
Opti-Blend™ Delivery System	5 mg	*

*Daily Value not established.

Other ingredients: Purified beet fiber, plant-derived magnesium stearate, and vegetable capsule (plant cellulose and water).

Diet, exercise and supplementing with **Opti-Immune VRL™** can help support the immune system!*

††**PROPRIETARY WHOLE FOOD CULTURED MEDIA BLEND & OPTI-BLEND™ DELIVERY SYSTEM**

ORGANIC VEGETABLE BLEND:

Yeast, Pea, Alfalfa Leaf, Non-Gluten Wheat & Barley Grass, Oat Grass, Spirulina, Chlorella, Broccoli, Kelp, Cabbage, Parsley, Kale, Dandelion Leaf, Dulse.

PLANT ENZYMES:

Amylase, Protease Blend, Peptizyme, Lipase, Invertase, Cellulase, Lactase, Maltase, HemiSEB.

ORGANIC FRUIT BLEND:

Apple, Prune, Black Currant, Pomegranate, Mango, Blueberry, Strawberry, Acai, Raspberry, Cranberry.

PROBIOTICS:

L. Plantarum, Lactobacillus Acidophilus, Bacillus Coagulans, Bifidobacterium Bifidus, B. Lactis,

L. Bulgaricus, L. Salivarius, Enterococcus Faecium, Streptococcus Thermophilus.
